Subject: Draft "Timeline" and Briefing Outline

All -

Find attached two files. The first is DRAFT of a "Timeline" listing to address our need for such a document for May 1st. As you know, the dates are somewhat in flux at this point, so please focus now on the listed "milestones" to see what should be added or deleted. We can reaffirm dates early next week.

The second file is a draft outline of slides for the briefing to DC folks in mid May. I will be pulling the best representative slides I can find to build a presentation this weekend based on this outline, but there is room to modify at this point. We will be very focused on this effort next week.

Thanks.
Ron
